

rhythm.

Cam Coleman • 5.21.20

Just because he

she

it

they

likes to put on makeup

swing their

it

her

his hips to the rhythm of their own beating heart

play football while they playing with boys' hearts

putting on the mask of her true self

his true feelings

their true emotions

its true inner self.

Just because the person you see

is not the same person

on the inside

doesn't mean you can beat them

until they cry.
